

## ArchEnemy

"I hope this book is as great as the last two. I am amazed at Beddors retelling of this fairy tale."

"Great end to a series, if not a little predictable. Very entertaining but I missed the normal mid-book illustrations that the first two had. Soild series. "

"I loved this book and series. I thought it was a great read and lots of imaginative things in the whole series. I had know idea that Alice in Wonderland could be so fun. I great read for anyone who is a fan of fantasy."
