The 2006 Children's and YA Bloggers' Literary Awards

NOVEMBER 26, 2006

The Nominations Fantasy/Sci Fi

The last month has been amazing, watching the nominations come in. I thought that I read a lot of fantasy and science fiction, but I had no idea there were so many excellent books in the genre published in one year. The nominating committee is having a great time reading all these good books, but it's going to be difficult to choose just five!

There are still a few publishers that we haven't heard from regarding review copies, but it's not too late. If you'd like to supply the panelists with copies of your nominated titles, please email me at sruth@wandsandworlds.com.

Here is the complete list of nominated books in the fantasy and science fiction category, after all category changes have been made. If you don't see a book you nominated here, please check the other categories. If you can't find it, post a note in the comments below and I'll check it out.

Sheila Ruth, coordinator for the Fantasy/Sci Fi category
