This December sees the release of first issue of "The Looking Glass Wars: Hatter M," a four-issue mini-series from [Desperado Publishing](#) and [Image Comics](#). Coming out of the pages of the best-selling "The Looking Glass Wars" novel, writer Frank Beddor and artist Ben Templesmith bring a new take to the classic "Alice In Wonderland" story by Lewis Carroll.

While the novel itself is currently only available overseas, it will be published stateside by Penguin/Dial Books in the Fall of 2006. In the meantime, "Hatter M" the comic will be there to quench your thirst. For more on the series, don't miss our [interview with Frank Beddor from July](#).

Frank Beddor has provided CBR News with a 10 page preview of the first book, along with a look at a Hatter M maquette. Beddor commissioned the folks at [Gentle Giant Studios](#) to create the maquette a while back to help him visualize the character. While it's all still in the very early planning stages, Beddor hopes to do a line of collectibles based on characters seen in "The Looking Glass Wars."
