Comments: I am not going to give much away in this continuing story of Hatter M. I will let you know that things take place in Budapest 1859. I will let you know that Hatter M. is great in using blades as weapons. I wonder how he would do against Wolverine? Now I am curious. The artwork is mind blowing! You know who Alice in Wonderland is right? Well, in this variant story, let's call her Princess Alyss. You will learn that Baroness Dvonna is no friend to imagination. The Baanskratar wants to destroy imagination. Imagination is a good thing, so hopefully imagination can survive. In the horizon, a civil war is brewing, so at anytime chaos can erupt. A very intriguing story that will keep you glued to your chair. Hatter M is an absorbing expertly told tale, embroidered with plenty of homespun detail!
